

Distribution-box

Distribution-boxes are known as important components for applications in automation. Robust and fully wired they are done according to customers specification.

Coloured Overmould

Completing a design or showing technical functions, overmould could be made in different colours too (e.g. DESINA green RAL 6018).

High temperature applications

For high temperature applications HUMMEL offers connectors with special inserts able to stand temperatures up to 160 °C (320 °F).

Hybrid connector with multi insert

With the multi insert it is possible to set a ethernet and a power cable into one connector. The connection achieves the protection class IP 67.
