

Approved for intrinsic fire resistance, material: Sheet steel

## FK 5210

- Connecting device for telecommunications
- Screw-type connection for 10 pairs

- screw/screw connection technology
- for installation on mounting brackets in FK 5000
- suitable for a solid conductor with diameter of 0.4 up to 0.8 mm or for two identical solid conductors with diameters of 0.4 up to 0.65 mm
- with fixing screws
- with labelling strips

rated insulation voltage	U <sub>i</sub> = 100 V a.c. U <sub>i</sub> = 125 V d.c.
rated current:	Solid conductor up to Ø 0.6 mm max. 2.1 A Solid conductor Ø 0.8 mm max. 5.0 A
height	45 mm
width	106 mm
depth	23 mm
weight	0,103 kg
