IF SPACING IS AN ISSUE....... OUR ELBOW FITTINGS ARE YOUR SOLUTION!

For space and time saving installations:

Available with Dome for static or Flex Nut for dynamic applications.

Specifications may be changed without prior notice.
Leading Provider of Cable Management Solutions

**Leading Provider of Cable Management Solutions**

Strain Relief Fittings
- Stainless Steel, PVDF, Mini-WADI, Connectors
- Medical Devices, X-Ray, MRI, Lab Equipment
- Why: Robotics / Dynamic Applications
- Where: Robots, 3D-Coordinate Measuring Systems, AC/DC Motors, Communication

Products:
- Dome & Flex Fittings, PVDF, 316 Stainless Steel, FP, RG Gland
- Why: IP69K (Splash Rated), Non-Corrosive, Non-Flaking, Fungus Resistant, High/Low Temperature, Deca BDE, RoHS
- Where: Meat Cutting & Packaging, Bakeries, Dairy, Bottling, Pharma, Peripherals, Scales, Bar Coding

**Liquid Tight Strain Relief Fittings**

Glands & SRF
- Hazardous Areas
- Why: ATEX/IECEx and cUS in Nylon & Nickel Plated, Stainless Steel, MZ, EMI
- Where: Hazardous Location Type Ex-e, Ex-d, Chemical Resistance, High & Low Temperature, Additional Pull-Out Resistance Fracking, Offshore, Panel Shops, Sensors, Fluid Control, Data Logger, Vessels, Marine, Mining, Textile, Agriculture, etc.

- Hazard Ex-e, Ex-d Oil & Gas, Railroad, Mining, Apparatus
- Why: Conveyors, Controllers, Hand Held Devices, Scanners, Bar Code Reader, Interfaces
- Where: Conveyers, Controllers, Hand Held Devices, Scanners, Bar Code Reader, Interfaces

**Conduit System (Tubing, Fittings, etc)**

Thread Adapters, Enlargers, Reducers
- Accessories

**Industrial Enclosures**

**Circular Connectors**

**Thread Connectors**

**Enclosures**

**Telecom / Communication**

- Products: Flex & Dome Fittings in Nylon or Nickel Plated Brass, 316 Stainless Steel, Zinc Plated
- Why: Non-Corrosive, Raw/Unplated Material (can be painted)
- Where: Data Logger, Vessels, Marine, Mining, Textile, Agriculture, etc.

**Medical**

- Products: Dome & Flex Fittings in Nylon or Nickel Plated Brass, Stainless Steel, PVDF, Mini-WADI, Connectors
- Why: V0 Rated: Non-Toxic, Halogen & Phosphorous Free, High Temperature, NEMA 4x and 6 / IP68, RoHS
- Where: Pumps, Beds, Scales, Cranes, Wheel Chairs, Monitoring Devices, X-Ray, MRI, Lab Equipment

**Security / Monitoring**

- Products: Dome Fittings in Nylon or Nickel Plated Brass, Multi-hole, 303 Stainless Steel, PVDF
- Why: V0 Rated: Non-Toxic, Halogen & Phosphorous Free, High Temperature, NEMA 4x and 6 / IP68, RoHS
- Where: Municipalities, Airports, Schools, Hospitals, Government, Landscape, Fountains, Stage

**Renewable - Wind & Solar**

- Products: Dome & Flex Fittings in Nylon, Zinc Plated, BE (Standard) & FE Style for EMI/RFI, Wadi-XL, Connectors, Conduit
- Why: Vibration safe (ratchet secures cable), NEMA 4x and 6 / IP68, UV/Ozone Resilient, RoHS

**Lighting**

- Products: Dome Fittings in Nylon or Nickel Plated Brass, Multi-hole, 303 Stainless Steel, PVDF
- Why: V0 Rated: Non-Toxic, Halogen & Phosphorous Free, High Temperature, NEMA 4x and 6 / IP68, RoHS
- Where: WIFI, Radios, Antennas, GPS, Remote Monitoring, Meteorological, Military

**Robotics / Dynamic Applications**

- Products: Flex & Dome Fittings of all Materials, BE (Standard) & FE (Feed-Through) Style for EMI/RFI, Conduit, Connectors
- Why: Patented form seal allows higher flex protection, Rugged, Vibration Safe, RoHS
- Where: Robots, 3D-Coordinate Measuring Systems, AC/DC Motors, Communication

**Packaging**

- Products: Flex & Dome in Nylon or Nickel Plated Brass, Multi-Hole, 303/316 Stainless Steel, EMI/RFI, Connectors
- Why: IP69K (Splash Rated), Rugged, Vibration Safe, High Temp.
- Where: Conveyors, Controllers, Hand Held Devices, Scanners, Bar Code Reader, Interfaces

**Automotive / Transportation**

- Products: Flex & Dome Fittings, Multi-Hole, Stainless Steel, BE & FE Style for EMI/RFI, PVDF, Connectors
- Why: IP69K (Splash Rated), Rugged, NEMA 4x & 6/6P68, Vibration Safe Ratchet, RoHS
- Where: E-Vehicles, EV-Charging Stations, Golf Carts, Battery Systems, Trains, Light Rail, Trucking, RV

**Marine**

- Products: Flex & Dome Fittings in Nylon or Nickel Plated Brass, 316 Stainless Steel, Zinc Plated
- Why: 150 PSIG (300 ft under water), NEMA 6/6P68, O-Ring Groove, Look of NPB (Shiny), Rugged, Salt Water Resistant (Spray)
- Where: Boats, Yachts, Jet Ski, Depth Sensors, Dive Lights, Cranes, Hoists, Antennas, Fish Locators & Cameras

**Reusable / Dynamic Applications**

- Products: Flex & Dome Fittings, PVDF, 316 Stainless Steel, FP, RG Gland
- Why: IP69K (Splash Rated), Non-Corrosive, Halogen & Phosphorous Free, High Temperature, NEMA 4x and 6 / IP68, RoHS
- Where: Conveyers, Controllers, Hand Held Devices, Scanners, Bar Code Reader, Interfaces

**Military / Navy / Government**

- Products: Nylon or Nickel Plated Brass, 316 Stainless Steel, Zinc Plated, BE & FE Style for EMI/RFI, Wadi-XL, Connectors, Conduit
- Why: Vibration safe (ratchet secures cable), NEMA 4x and 6 / IP68, Non-Corrosive, Deca BDE, UV/Ozone Resilient, RoHS
- Where: Navy/Antennas, Missile Cranes, Combat Vehicles, Communication Devices, Buoy, Non-Combat Devices

**Hazard Ex-e, Ex-d Oil & Gas, Railroad, Mining, Apparatus**

- Products: ATEX/IECEx and cUS in Nylon & Nickel Plated, Stainless Steel, MZ, EMI
- Why: Hazardous Location Type Ex-e, Ex-d, Chemical Resistance, High & Low Temperature, Additional Pull-Out Resistance Fracking, Offshore, Panel Shops, Sensors, Fluid Control, Data Logger, Vessels, Marine, Mining, Textile, Agriculture, etc.
- Where: Conveyers, Controllers, Hand Held Devices, Scanners, Bar Code Reader, Interfaces
