

Leading Provider of Cable Management Solutions

Sealcon is your one-stop-shop for cable management solutions. With over 6,000+ options available, we have what you need for your application. Whether you are looking for cable glands, circular connectors, enclosures, accessories or conduit systems, our quality products will exceed your demands.

### Liquid Tight Cable Glands

- Type NEMA 4x & 6 (IP68 / IP69K)
- Submersible (300 ft) & Non-Corrosive
- Pressure Rating: 150 PSIG / 10 BAR
- Flammability Rating: V0 (Phosphorous & Halogen-Free)
- ULf1 (746C) Solar / Outdoors (Black Nylon Only)
- Overlapping clamping splines apply concentric
- 316L Hygienic Glands for wash down pressure, protecting your cable from damage
- Cable Glands for Hazardous Areas Ex-e and Ex-d Class, Div and Zone Ratings

### UL Industrial Enclosures

- Type NEMA 4x (IP67) and IP 69K & 10K Impact Resistance
- Material: Polycarbonate and Fiberglass
- Features: Smooth walls, PG/Metric Knock-Outs, Solid/Transparent Lids, Hinges, Latches
- Customization Available, Call for Details

### Cable Gland Accessories

- Adapters, Reducers and Enlargers
- Hole Plugs, Dome Plugs, Locking Nuts
- Nylon, Nickel Plated Brass, Stainless Steel
- Blind Plugs, O-Rings, Seal Rings and more

### Flexible Conduit

- Corrugated Nylon Conduit
- Metal and Metal Pro Series Conduit with PVC and Braid Coating
- Compatible Fixed and Swivel Fittings

### Industries Served:

- Solar
- Automation
- Marine
- Pumps
- Packaging
- Medical
- Motors
- Wind
- Traffic
- Lighting
- Automotive
- And More
- Robotics
- Food

## Sealcon Circular Connector Options

<b>M8 &amp; M12 Signal</b>  PVC + PUR Cable	<b>M12 Power</b>  K+L, S+T Coding	<b>M16</b> 
<b>M23 RJ45 &amp; PoE Fast Ethernet</b> 	<b>M23 Hybrid</b> Power, Signal and Ethernet in one 	<b>M23 (Signal &amp; Power)</b> 
<b>M23 Twilock &amp; Twilock-S</b>  Quick Connect	<b>M27 Signal</b>  26 & 28 contacts	<b>M40 Power</b>  High Power 55 AMP

## Features & Benefits

**Patented EuroLock®** - On all Power and M16 style Connectors  
**Built-in Strain Relief** - All Connectors EMI/RFI ready  
**Quick Connect System** - Threaded & Twilock-in-one  
**Multiple Terminations** - Crimp, Solder, Dip Solder, and Screw Terminal Solutions  
**Pre-tinned Contacts** - Reliable, faster and safer means of soldering  
**Reliable Connection** - Contacts with low plug-in force and high mating cycles  
**Vibration Proof** - Spring loaded Socket Contact Technology  
**IP67 & IP69K** - Ideal in spray down applications

**Materials:** Nickel Plated Brass, Stainless Steel, Over Molded (Optional Tin-Plated)  
**Types:** Straight, Elbow, Panel Mount, Radius Flange & RJ45 (Ethernet) & EMI Ready!

### Twilock - Quick Connect System

Our TWILOCK Connector offers easy handling and exceptional functionality. Even when access is limited, a simple "twist" and "click" will secure your connection. The TWILOCK is also multi-functional and works with standard M23 threaded connections.

### Twilock - S (Intermateable to Speedtec® by Intercontec/Tyco)

Sealcon's new M23 Twilock-S Signal and Power connector shell is now compatible with Speedtec® by Intercontec/Tyco. With a 1/4 turn, the connector will mate. Signal and Power options available in straight and right angle versions.
